WORK EXPERIENCE

I2IC - TPO VIIT- Secretary

SEP 2023 - Present

As Secretary of the TPO Student Council, I managed administrative tasks and facilitated communication, ensuring smooth coordination of placement drives and student engagement events.

TEDxVIIT - Event Management Head

AUG 2022 - MAR 2024

As the Event Management Head at TEDxVIIT, I oversaw the planning and execution of events, ensuring seamless coordination and impactful experiences for attendees, contributing to the success and reputation of TEDx in our community.

Kgamify - IOT Developer Intern

Present

As the IOT Developer at Kgamify , i work on integrating several API's with the app along with integrating the app with vending machine for one of the use case while ensuring reliable performance and customer satisfaction

STARTUPS -

Ecstasy Entertainment - Founder

NOV 2022 - Present

- Established and operated Ecstasy Entertainment, a dynamic start-up specializing in organizing and hosting diverse events, including parties, music festivals, and corporate gatherings.

Innovex Tech Studio - Founder

DEC 2023 - Present

- Established and led Innovex Tech Studio, providing a wide range of tech services including web design, web development, marketing, networking, e-commerce, business development, business research, finance, operations, and media content.

PROJECTS

- **Sentiment Analysis of Amazon Review:** Sentiment Analysis of Amazon Reviews project, I orchestrated the analysis of diverse customer feedback. I fine-tuned machine learning models to classify sentiments across various product reviews, ensuring nuanced accuracy.
- **Surveillance System Using Machine Learning:** In this project, I created a smart surveillance system using machine learning and computer vision. The system autonomously analysed video feeds, quickly detecting anomalies and suspicious activities to enhance security.
